Candidate For Senate Gives His Views On Interesting Subjects

J. R. Heckman Will Make Trip To Wrangell In About Three Weeks

Representative J. R. Heckman of Ketchikan, nominee for Territorial Senator on the Republican ticket from the First Division, in an interview with a representative of the Sentinel in Ketchikan last Wednesday stated that he would be in Wrangell in about three weeks in the interest of the coming election.

Mr. Heckman speaks very freely on the interests of Southeastern Alaska and the needs of Alaska in general. A few of the items he is interested in and pledges himself to work for are, a bounty of \$15.00 on wolves and to allow the parties to keep the skins. Mr. Heckman worked for this at the last Legislature but the opposition from the 2nd, 3rd, and 4th, divisions was so great that it was impossible to get that much, but now he feels sure they will be able to get it. He also pledges himself to work for a bounty of \$1.00 on eagles and hair seals, and believes that he can get a bill through for same with the showing he can make. The eagles are destructive to both the deer and fish and he relates many instances where the eagles have been seen lighting down on young deer and picking their eyes out then killing them, he has strong arguments on why a bounty should be placed on them. Another important matter he spoke of was for the Territory to establish five pink salmon hatcheries in

Southeastern Alaska. He suggests one in the Ketchikan district one in the Wrangell district, and one on the West Coast Prince of Wales Island, one near Juneau, and one further north. He says this is a hump back salmon section and believes this is the kind of fish that should be hatched in Southeastern Alaska. He further stated that the canneries should have a special tax for this purpose. In speaking of the Dry Straits Canal Mr. Heckman stated that he would certainly work for the project and would do all in his power for the passing of proper memorials by the Territorial legislature for an early completion of the project.

Mr. Heckman mentioned many other very important matters in the Republican platform and pledges himself to the support of them all.

Representative Heckman is an Alaskan, having spent 30 years in the Territory, and every thing he has is invested in Southeastern Alaska and his interests are Alaskan interests. Representative Heckman was elected to the Territorial Legislature by a good majority two years ago and as a Representative he made a notable record for himself and as a Senator for this District Mr. Heckman knowing its needs stands able to serve as no other man in the district.

Taking Motion Pictures Of S. E. Alaska

Messers Woodworth and Coffee who are taking a Travelogue of Southeastern Alaska for the Paramount Motion Picture Co., are in town today taking a few local views. "Billie" Woodworth who is well known here states that he is making good in the picture business and is getting a few scenic films that are second to none.

Peter Bouderie is in receipt this week of a new 24 h. p. Scripps engine which he will place in his boat the Duckland. The new engine was purchased from Sam Cunningham local agent for the Scripps Company.

Don't forget that Dance at the Photoshow tonight.

Union Bay Cannery Has Good Pack Says Tate

Superintendent Tate was in from the Union Bay cannery the first of the week and reports that he has twenty thousand cases up and more in sight. He states that the fish are holding out better than they had expected at first.

Mrs. Fred Stackpole was a passenger south on the Alki bound for her home in Eastern Washington. Capt Stackpole will join her as soon as his season on the barge Ruby is completed.

The Seldovia cannery, operated by a Seldovia company has put up a pack of 35,000 cases, the largest in its history.

School Starts Tuesday

The fall term of the Wrangell public school begins next Tuesday. Only one of the last year staff of teachers will be in attendance this year, being Miss Mary Bihler, the other teachers being strangers to Alaska. The teaching staff this term will be Miss Clara Ostmo, of Northwood, N. D., Principal, Miss Edith McMurry intermediate grades and Miss Mary Bihler the primary department.

Miss Ostmo and Miss Bihler were bound for Wrangell on the Humboldt but owing to the fact that she met with accident they returned to Seattle and according to a wire received will arrive on the Princess Sophia next Tuesday morning.

Old Wrangell Resident Passes Away

The remains of Mrs. John C. Johnson, who passed away at the Tree Island Light Station on August 30th, was brought to Wrangell on the City of Seattle and laid to rest in the Red Men's Cemetery here. Mr. John C. Johnson accompanied the remains here.

Mrs. Johnson was 4 years of age, was born in Vestby, Sweden, and came Wrangell and was married here in 1905. Mr. and Mrs. Johnson lived in Wrangell for several years and own considerable property here. Mr. Johnson is Keeper of the Tree Point light house. Mrs. West and Miss Talitha Ensley also accompanied the remains here.

Funeral services were held at 1 P. M. under the auspices of the Red Men's lodge. The deceased leaves a mother in Sweden, 82 years of age, and a twin brother in Australia. The sympathy of the community is extended to Mr. Johnson in this his hour of sorrow.

W. V. Barrons, proprietor of the Wrangell Restaurant, was a passenger south on the Spokane for Seattle where he goes for medical treatment.

Bill Sherman and Forty Mile Smith are planning the erection of a sawmill at Mile 24 on the government railroad.

A big dance at the Photoshow tonight.

Chas. Anderson, A Finland Fisherman Mysteriously Disappear

Seine Boat Is Found With Half Of The Net In Water And Half In Boat

Chas. Anderson, a native of Finland, fisherman of Wrangell, is missing and is believed to have fell overboard from a seine skiff and drowned. Mr. Anderson left Wrangell the evening of August 29th in his small gas boat, Elk bound for the night gill net fishing on the Stikine flats and was the last seen of him. The next morning, August 30th, the tender Telegraph from the Columbia and Northern Fishing and Packing Company while picking up the fish from the different boats on the flats seen the Elk and running over to her for the purpose of

taking her catch discovered that no one was aboard and Manager, Bjorge seeing the seine skiff floating some distance away went to investigate and found his seine half in the water and half in the boat but no sign of Anderson. It is presumed that while putting out his net he in some manner fell overboard and drowned.

Chas. Anderson is a man about 60 years of age and has been in Wrangell for about three years. A search is being made of the beaches about the flats in an effort to locate his body.

Mr. Stevenson Has Good Word For Wrangell

Mr. Andrew Stevenson, President of the local Bank of Alaska who has been a business visitor in Wrangell this week states that he is very much impressed with the business outlook of the bank here. Mr. Stevenson has a good word for Wrangell and predicts a bright future for the city.

Mr. Stevenson is a man of pleasing personality and made many friends during his short stay in Wrangell.

The fire department was called out to extinguish a small blaze at the home of Fred Johnson last Wednesday.

Card Of Thanks

Through the columns of the Sentinel I wish to express my heartfelt thanks to the people of Wrangell who have so kindly assisted me in my present sorrow.

Mr. John C. Johnson.

Let Harry Brice do your plumbing and repair work.

Felix Sul, or Black Fox John, an Indian, recently committed suicide at Rampart House by shooting himself twice through the head with a rifle.

Have your plumbing and repair work done by Harry Brice.

Read The Sentinel.

Hazel B. II On Last Trip Up River

The river boat Hazel B II left Thursday on her last trip of the season for Telegraph Creek, B. C. Passengers going up on her were Miss E. Phillips, Miss R. Roberts of San Francisco, Mrs. W. Hyland, Jim Tröxel and Mr. and Mrs. Crookall, of Seattle. Mrs. S. C. Barrington and son are accompanying Capt. Barrington on the trip.

Dr. Crookall is a well known mining man and on the return trip will investigate the different mining claims along the river. The Hazel B, II will be about ten days on the trip and on her return will be layed up here for the winter.

Mrs. W. D. Grant was a passenger south on the Spokane for her home in Washington. Mrs. Grant has spent the past summer visiting her sons, Steve and B. Y. Grant and daughter Mrs. S. C. Shurick of this city.

The steamer Admiral Evans recently brought a cargo of 50 tons of Katchemak bay coal to Seward.

Miss Anna Loftus left on the Spokane for Ketchikan for a short time.

Miss Lynn Worden was a passenger south on the Alki.

When you want hauling done why not patronize a licensed dray man.—Oscar Carlson.

RECIPE FOR GRAY HAIR.

To half pint of water add 1 oz. Bay
 Rum, a small box of Barbo Compound,
 and 3 oz. of glycerine. Apply to the hair
 twice a week until it becomes the desired
 shade. Any druggist can put this up or
 you can mix it at home at very little cost.
 Full directions for making and use come
 in each box of Barbo Compound. It will
 gradually restore streaked, faded gray
 hair, and removes dandruff. It is excel-
 lent for falling hair and will make harsh
 hair soft and glossy. It will not color the
 scalp, is not sticky or greasy, and does not
 rub off.

Read The Sentinel.

The National Pastime.
It is an ancient mariner.
He stoppeth one of three
And holds him with a skinny hand.
"Have you a match?" quoth he.
The shades of night were falling fast
When through an Alpine village passed
A youth who bore mid snow and ice
A banner with a strange device—
"Got a match?"
—San Francisco Chronicle.

Accepted.
"Quills has had a story accepted at last," remarked a journalist to a colleague.
"Surely not!" was the rejoinder.
"Yes. He went home at 2 o'clock this morning with an awful yarn, and his wife believed it."—Denver Republican.

The Good Cause.
"You promised to call," she began, "and what is it.
Could act as a cause for postponing your visit?"
"That my plans have miscarried is certainly true."
He replied, "but the cause is a parent of you."
—Judge

Some Job.
Blinks—Jones is always rushing around and won't even stop to speak. What is the matter with him?
Jinks—He says that he is trying to keep up with his running expenses.—Washington Star.

Fact.
Keep this advice among your stock
And try to make it stick.
If you're as ready as a clock
You never will need tick.
—Chicago Record-Herald.

Eau de Cologne.
The first cologne was called Hungary water, from the country of its invention. It was made from spirits of wine distilled upon rosemary.

Lemon Rind.
The "zest" of lemon is the very thinnest possible grating of the yellow outer rind. If any of the white underneath is added the whole will become bitter.

A Kitchen Hint.
If you use a tin funnel as a twine holder in your kitchen, try cutting a notch in the small end of the funnel where the end of the twine comes through. Sharpen the edges of this notch with a small file, when the twine will cut easily.

Jamaica's Wood.
Jamaica has a great deal of valuable wood in its interior, but the streams are not large enough to bring it to the coast.

Wonderful Descent.
"Ever hear Wallaby tell about his remarkable descent?"
"Descended from a hundred ears, I suppose?"
"Now, volplaned down 400 feet in a monoplane."—Washington Herald.

**Direct From Our Factory
Will Save You \$100 or More**

OUR Big Offer is to send you for 30 days' free trial in your home a beautiful, guaranteed Starck Piano direct from our factory, thereby saving you \$100.00 or more.
We require no payment in advance. You are not asked to tie up your money in any way. All you do is to take the piano into your home for 30 days' free trial, where you test it and try it in your own way.
At the end of 30 days you decide whether the piano is just the one you want. If it is, you keep it, paying our low factory-to-home prices in payments to suit you. If, for any reason, it does not prove to be up to your expectations in every way and the finest piano you have ever seen for the money, you may send it back and in that event we will pay the freight both ways.

Easy Payments
You are not asked to pay any cash down, but after 30 days of trial you can begin payment on the lowest, easiest terms ever suggested by a piano manufacturer. These terms are arranged to suit your convenience, and you can buy a piano for your home without missing the money.

**Sweet Toned—
Guaranteed 25 Years**

You will be delighted with the sweetness, purity and power of the tone of the Starck Piano. You will be pleased with its beauty and the fineness of its construction. Each Starck Piano is carefully made that it is guaranteed for 25 years. This guarantee means something, because it has back of it an old established, responsible piano house.

Celebrated Starck Player-Piano

This wonderful instrument makes musicians of us all. The Starck Player-Piano is rich-toned, easy to operate and durable. It has many exclusive, up-to-date features that make it just the instrument you need in your home. Our direct-from-factory prices are low, and we will take your old piano in exchange.

Free Music Lessons

To every purchaser of Starck Pianos, we give free 50 music lessons, in one of the best known schools in Chicago. You take these lessons in your own home, by mail, and a full year's instruction is offered.

WRANGELL - ALASKA

College and School.

Over 1,250,000 pupils attend high schools in the United States.

Erasmus Hall high school, Flatbush, N. Y., is shortly to celebrate its one hundred and twenty-fifth birthday.

Among the regular students at American colleges and universities during the year 1911-12 were 4,856 from foreign lands.

One hundred and sixty-seven undergraduates, or about 12 per cent of the entire student body, at Princeton university are either wholly or partially working their ways through college.

A School For Bachelors.

In London there is a school in which bachelors are taught to make beds, cook, sew and look after their home needs generally.

The Golden Crested Wren.

The golden crested wren is the smallest not only of British but of all European birds. Its average weight is only about eight grains troy. The length of the feathers is about three and a half inches and the stretch of the wings about five inches, but when the feathers are taken off the length of the body does not exceed one inch.

The Scilly Isles.

Only five of the Scilly Isles are inhabited.

Acid Injures Leather and Rubber.

Now that electric lighting and electric starting systems have come into general use on automobiles it is timely to discuss the destructive effect of acid from the storage battery to leather fabrics and rubber. The acid should not be splashed indiscriminately over the car parts. If it should drop on leather, rubber or fabric it should immediately be washed off with clean cold water. Ammonia will neutralize the acid and minimize the discoloring action of the solution if it gets on the clothes. Strong ammonia, however, is not advisable in removing acid stains from the car, inasmuch as it has a discoloring effect.

Electric Butchering.

Reporting the electrocution experiments at the abattoir in Nantes, France, Dr. S. Leduc states that a large number of oxen, bulls, cows, horses, hogs, calves, sheep and dogs have been slaughtered by this new method, which seems to have proved very satisfactory. The current was of 110 volts with 100 alternations per second.

Good One Way.

For many years a man named Dutton was a popular conductor between Duluth and Two Harbors. A woman from Duluth purchased a ticket, a return ticket to Two Harbors, and then concluded to return by boat. Some months later she wished again to visit Two Harbors and presented the remaining half of her former ticket. Mr. Dutton looked at it for a full minute, then said, "I think this ticket is good for one transportation, madam, but you will have to ride backward."—Chicago Tribune.

Military Ignorance.

"The late General F. D. Grant," said a Washington official, "was once complaining in my hearing about an ignorant officer. He likened this officer to a certain Private Cheney.

"Where is Cheney? What the dickens has become of Private Cheney?"

"So, he declared. Cheney was sought for one whole afternoon, but no tidings of him turned up until a comrade finally said:

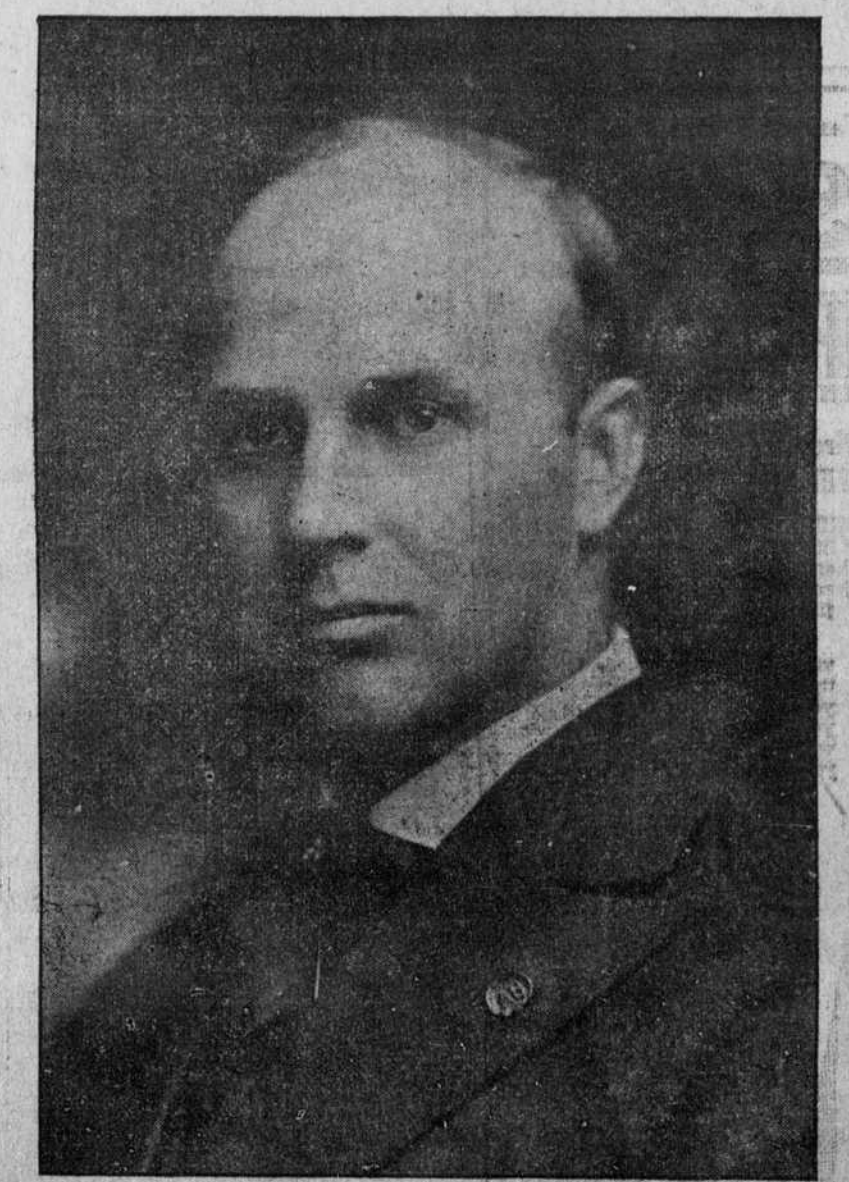

"Cheney? Why, I saw Cheney about two hours ago. He was talking about going to get some gun cotton to sew a button on his pants with, and that's the last that has been heard of him, I believe."

A Mystery of Paris.

One hundred thousand dollars was offered in 1894 for the recovery of an American schoolboy, Webster Conkling, who mysteriously disappeared in Paris. The boy, fifteen years old, was on his way to the St. Lazare railway station in Paris in company with one of his schoolmasters. The master lost sight of the boy for an instant and, turning around, found that he had disappeared as though the earth had swallowed him. Conkling's mother, a wealthy widow, began by offering \$5,000 for his recovery and then increased the reward to \$100,000. The money was deposited at Munroe's bank in the Rue Scribe, but never found a claimant.

Napoleon's Tomb.

The windows in the chapel of the Invalides in Paris, where the great Napoleon lies buried, are of a singularly translucent amber glass. When the sun shines full upon them the rays are transmuted into gold, and they fall like a ladder of light upon the bronze sarcophagus of the conqueror until he seems glorified from the skies.

Bushing a Stovepipe.

When a stovepipe is too small for a hole in the chimney a bushing can readily be made of metal tobacco boxes that are curved to fit in the pocket, says Mechanics. Remove the tops and bottoms of the boxes and shove them in around the pipe. If such tobacco boxes are not at hand tin cans of any kind can be used by melting off the tops and bottoms and bending the remaining cylindrical shells into proper shape.
